

PAM FINGERSON

Class of 1980

University of Wisconsin-Platteville in Elementary Education

Pam taught elementary education for 26 years. She has fought health issues throughout her life and has an optimistic attitude that has been an inspiration to others. Pam's message:

"Do not let others define who you are or who you will be. Each of us have talents and can teach others something. Success comes when you have peace, the feeling that tells you that you have done all you possibly could have done."
