

# **Robin Roberts**

## **Class of 1973**

### **Madison Area Technical College Associate's Degree in Architectural Technology**

Robin founded Roberts Construction in 1981. Since then, the company has designed and constructed more than 600 projects including more than 180 churches. Robin employs a staff of up to 65 associates. While Robin has earned numerous awards and accolades over the years, including 17 State of Wisconsin Project of Distinction Awards and the 1997 National Project of Distinction Award, he has had obstacles to overcome. Roberts Construction fought to survive the economic loss of hundreds of thousands of dollars from the 2009 recession and other work related problems. Robin says moving to Dodgeville was one of the most significant events of his life. His teachers and coaches changed his future, and his career and business experiences have exceeded his wildest dreams.
